"When I started the course, I couldn't speak anything in Portuguese. Thanks to great courses and activities, now I can communicate in Brazil. The teachers teach us not only grammar and vocabulary but many interesting topics about Brazil. We learn about culture, politics, and society. I also enjoy discussing these topics with friends all over the world. This school also has so many activities and they help me to meet local friends and understand Brazil more deeply." **Mai Ueda, Japan.**
